Timetabling and curriculum – have you got the right knowledge in house?

Were you concerned about completing this year's timetable? This year was tough for many schools but a few days training can help make the timetabling process a much more controlled experience for everyone.

Timetabling training courses

- Always small groups
- Experienced trainers with extensive software knowledge
- Great locations, easy access
- Working with your own data

Book online www.mistservices.co.uk
